

INDEX TO VOLUME XXI

GENERAL INDEX

A

- Abdominal pain, possibility of relieving, by section of sympathetic rami communicantes, F. A. C. Scrimger 184.
- Abscess, perinephritic (abs.) 232.
" subphrenic (abs.) 466.
- Accidents, motor, payment for (hosp. serv.) 88.
- Acromegalic diabetes, insulin in (abs.) 465.
- Aglycæmia without symptoms, diabetes mellitus showing (abs.) 345.
- Adhesions, peritoneal, prevention of (abs.) 231.
- Alberta, a judgment of the supreme court of (med. legal) 339.
- Alcohol, medical prescriptions of (in abs.) 100.
- American committee on the cost of medical care, work of (edit.) 711.
- Amyotonia congenita (case rep.), R. R. MacGregor 204.
- Anæmia, secondary, liver therapy in (abs.) 464.
- Anæsthesia, avertin, death after (in abs.) 338.
" ethylene, C. E. Tipping 62.
" intratracheal ethylene-oxygen, H. R. Griffith 294.
" " rebreathing in, C. C. Stewart 309.
" spinal (abs.) 349.
" " action of, on intestinal peristalsis (abs.) 349.
- Anæsthetic, new; cyclopropane, G. H. W. Lucas and V. E. Henderson 173.
- " syncope, cure of, by intraspinal injection of caffeine after failure of adrenaline injected into the heart (abs.) 619.
- Anatomy, physiology and pathology of the lacrimal apparatus, more especially the lacrimal sac and duct, H. V. Wurdemann 667.
- Anænatal tuberculous infection (abs.) 741.
- Antiseptic, pulmonary, neosalvarsan as a (in abs.) 610.
- Aortic, renal, and mesenteric thrombosis, pedunculated cardiac thrombosis accompanied by, C. W. Fullerton 394.
" sclerosis, new sign of (abs.) 466.
- Apothecary, art of the (men & bks.) 726.
- Appendicitis, chronic (abs.) 230.
- Appendix, acute, O. W. Niemeier 390.
- Arms and legs, diathermy in morbid conditions of, J. Hunter 66.
- Arsenical poisoning in the industries (in abs.) 737.
- Arthritides, the (retrosp.) L. C. Montgomery 578.
- Ascites, bile, and bile peritonitis (abs.) 347.
- Asphyxia, traumatic (case rep.) H. M. Young 570.
- Association notes.—See page viii.
- Asthma and colds, preventive treatment with vaccines (abs.) 107.
" subcutaneous emphysema in (case rep.) H. E. MacDermot 708.
- Atrophy, extensive, of subcutaneous fat following injections of insulin (case rep.) I. M. Rabinowitch 67.
" of the subcutaneous fat following the injection of insulin, frequency of (abs.) 746.
- Atropine fever (edit.) 590.
- Avertin anæsthesia, death after (in abs.) 338.

B

- Bacillus Calmette-Guérin, autopsies on children vaccinated with, who died of non-tuberculous disorders (abs.) 742.
- Bacteremia and skin manifestations in lipoid nephrosis (abs.) 746.
- Bacteriophage, value of (edit.) 312.
- Bananas, digestion and assimilation, in mixed diet of older children, A. Brown and A. M. Courtney 37.
- Barry, Doctor James (men & bks.), R. MacKenzie 85.
- Bile flow, regulation of, through the bile passages, B. P. Babkin and D. R. Webster 32.
" peritonitis and bile ascites (abs.) 347.
- Biophysical assistants (in abs.) 612.
- Blackader, Dr. A. D., and the *Journal* 367.
- Bleeding, non-malignant, dysmenorrhœa and fibroids, radium in treatment of (abs.) 617.
- Blindness, monocular, of electrical origin, J. N. Roy 691.
- Blood, glycogen of, in pathological conditions (abs.) 348.
" pressure and disease (in abs.) 96.
- Book reviews.—See page viii.
- Boots and shoes (in abs.) 612.
- Bronchiectasis, chronic, in childhood with observations on early diagnosis (abs.) 233.
- Bronchography for the general practitioner, technique of, N. Bethune 662.
- Bronchoscopic findings in lobar pneumonia (abs.) 344.
- Bronze diabetes and insulin resistance (abs.) 742.
- Brucella abortus infection, fatal case of suspected, Ontario Hospital, 307.
" " " in man (in abs.) 461.

C

- Calcium chloride given intravenously in congestive heart failure (abs.) 614.
- Calculi, uteratal, treated by manipulation, W. P. Hogarth 400.
- Canada's oldest drug store (in abs.) 613.
- Canadian Medical Association, inaugural address at sixtieth annual meeting of, A. T. Bazin 140.
- Cancer, increased mortality rate of (abs.) 615.
" intrinsic, of larynx, cure in 76 per cent by laryngo-fissure, Sir StClair Thomson 4.
" lymph-stasis the precursor of, W. S. Handley 491.
" radiated fluorescein in treatment of (abs.) 468.
" Shaw-Mackenzie test for 431.
- Capillaries and the more important factors which control their activities, A. D. Blackader 442.
- Carbohydrate metabolism, recent studies in (edit.) 433.
" tolerance in infants and in young children with celiac disease (abs.) 468.
- Carbon dioxide, therapeutic use of (in abs.) 335.
" monoxide, effects of small amounts on human organism (edit.) 209.
- Carcinoma, colloid, of the peritoneum (case rep.) 576.
" of the portio, early clinical diagnosis of (abs.) 347.
" of the uterus and of squamous-celled growths in the region of the external os, glycogen content of (abs.) 349.
- Cardiac decompensation, water balance in (abs.) 104.
" disease, congenital, clinical classification of (abs.) 465.
" thrombosis, pedunculated, accompanied by an aortic, renal, and mesenteric thrombosis, C. W. Fullerton 394.

- Caries, dental, dietary control of (abs.) 745.
 Carriers, scarlet fever (in abs.) 736.
 Cerebro-spinal syphilis at the Verdun Protestant Hospital, E. C. Menzies 534.
 Children and cinema performances (in abs.) 740.
 " pre-medication by paraldehyde in (abs.) 619.
 " treatment of diabetic coma in, G. L. Boyd 520.
 Choke cherries, acute intestinal obstruction due to (case rep.) F. D. Ackman 710.
 Cholecystectomy, failures after (abs.) 743.
 Cholecystography by means of a new internal method (abs.) 233.
 Chorea, new treatment for (edit.) 437.
 Chorion-epithelioma in the male (case rep.) D. Prendergast 203.
 Chromium, adding new life to surgical tools by plating with (hosp. serv.) 333.
 Cigarette campaigns, Senator Smoot hits (in abs.) 338.
 Cinema performances and children (in abs.) 740.
 Circulation, treatment of pneumonia from the point of view of the, J. Brodie 541.
 Clinical conditions accompanied by jaundice, differential diagnosis of, D. Graham 380.
 Cocktail habit in France (in abs.) 225.
 Cod-liver oil, possible dangers of (in abs.) 736.
 Coeliac disease, carbohydrate tolerance in infants and in young children with (abs.) 468.
 Colds and asthma, preventive treatment with vaccines (abs.) 107.
 Colitis, hedyotis auricularia a new remedy for (edit.) 591, 721.
 Colloid carcinoma of the peritoneum (case rep.) F. W. Hart 576.
 Coma, treatment of diabetic in children, G. L. Boyd 520.
 " diabetic and diabetic mortality rates (edit.) 583.
 Consent or release forms, is use of advisable (hosp. serv.) 89.
 Convalescent serum in prevention of measles, W. Warwick 794.
 Correspondence.—See page ix.
 Cost of medical care, work of the American committee on (edit.) 711.
 " of medical education (edit.) 713.
 Course, prognosis and treatment of chronic diffuse nephritis in children, G. L. Boyd 679.
 Crèche d'Youville, de Montréal, trois années d'expérience à la, D. Longpré 405.
 Crippled children, Queen Alexandra solarium for, C. Wace 702.
 Cushing, Harvey, tribute to (men & bks.) 87.
 Cyclopropane; a new anaesthetic, G. H. W. Lucas and V. E. Henderson 173.
 Cystocele, visualization of, by cystogram, H. G. Pretty 558.
- D**
- Dacryocystitis, treatment of, chronic, from the viewpoint of the ophthalmologist, I. G. Campbell 670.
 " treatment of, from the viewpoint of the rhinologist, A. C. Jones 675.
 Dangers, possible, of cod-liver oil (in abs.) 736.
 Davy, Humphry, a great natural philosopher (men & bks.) 330.
 Dementia praecox; manganese chloride as treatment in, G. E. Reed 46.
 Dental caries, dietary control of (abs.) 745.
 Dermatology and syphilology, modern conception of, G. Archambault and A. Marin 419.
 Dextrose tolerance in infants and young children (abs.) 467.
 Diabetes, acromegalic, insulin in (abs.) 465.
 " bronze, and insulin resistance (abs.) 742.
 " juvenile, skeletal growth in (abs.) 348.
 " mellitus, curability of, J. A. Gilchrist 50.
 " " showing aglycaemia without symptoms (abs.) 345.
 Diabetic child, isolation of tail of pancreas in a (abs.) 616.
 " clinical considerations in the management of the, I. M. Rabinowitch 524.
 " coma in children, treatment, G. L. Boyd 520.
 " " and diabetic mortality rates (edit.) 583.
 " " kidneys in, I. M. Rabinowitch 274.
 " surgical care of the (abs.) 615.
 Dietary control of dental caries (abs.) 745.
 Diathermy in morbid conditions of arms and legs, J. Hunter 66.
 Dietitian, travelling (hosp. serv.) 220.
 Disease, Huxley lecture on nature of, Sir Humphry Rolleston 78.
 Diuresis, mechanism of, produced by ingestion of water, L. Ambard and F. Schmid 265.
 Diverticulitis (abs.) 744.
 Drug store, Canada's oldest (in abs.) 613.
 Drugs, abuse of, in certain psychopathic states (abs.) 108.
 Dupuytren's contraction (abs.) 106.
 Dysmenorrhea and non-malignant bleeding, and fibroids, radium in the treatment of (abs.) 617.
 Dystrophy, hereditary ectodermal, H. R. Clouston 18. (edit.) 75.
- E**
- Ecclesiastes, book of (men & bks.) H. E. MacDermot 726.
 Economics, medical, a course in medical schools (corresp.) 230.
 Editorials.—See page ix.
 Education, medical (edit.) 69.
 " " in America, tendencies of (in abs.) 98.
 Egypt and medicine: retrospective and prospective, Sir Robert Philip 650.
 Emphysema, subcutaneous, in asthma (case rep.) H. E. MacDermot 708.
 Empyema, spirochaetal (in abs.) 225.
 Encephalitis and vaccination, R. D. Defries and N. E. McKinnon 516.
 Endocarditis, acute bacterial (case rep.) A. P. Hart and L. N. Silverthorne 305.
 " subacute bacterial (case rep.) J. P. Davies 573.
 Endometriosis (case rep.) S. E. C. Turvey and W. Boyd 304.
 Endothelioma or teratoma (case rep.) H. W. Coates 707.
 Enterostomy in acute ileus, mortality of (abs.) 617.
 Enuresis in hospital practice (abs.) 234.
 Epilepsy, A. D. Blackader 321.
 Epileptic children, intelligence of (abs.) 348.
 Epileptiform seizures in children, recurrent, infections as a source of (abs.) 348.
 Epiphysis, separation of the lower femoral, W. J. Patterson 310.
 Epithelioma, primary, of the vulva (abs.) 105.
 Epizootic among rodents in South Africa (edit.) 211.
 Erysipelas in children, H. B. Cushing 276.
 Ethylene anaesthesia, C. E. Tipping 62.
 Ethylene-oxygen.—See anaesthesia.
 Exophthalmic goitre.—See goitre.
- F**
- Facial neuralgia, treatment of, with trichlorethylene (abs.) 107.
 Fallopian tube, fibromyoma of, with tuberculosis (case rep.) E. Percival 426.
 Fat, subcutaneous, frequency of atrophy of, following the injection of insulin (abs.) 746.
 Fermentation and putrefaction, intestinal, J. M. Rosell 42, 161.
 Fever, atropine (edit.) 590.
 " scarlet, carriers of (in abs.) 736.
 " rheumatic (retrosp.) L. C. Montgomery 428.
 " scarlet (in abs.) 224.

- Fever, scarlet, apparent recurrences of (abs.) 464.
 " typhoid, among Filipinos, complications and fatality of (abs.) 344.
 " undulant, present status of (edit.) 588.
 Fibres, elastic, and tubercle bacilli, simultaneous demonstration of 431.
 Fibroids, non-malignant bleeding and dysmenorrhœa, radium in the treatment of (abs.) 617.
 Fibromyoma of the Fallopian tube with tuberculosis (case rep.) E. Percival 426.
 Film fires, prevention of, H. Agnew 211, 325.
 Fluorescein, radiated, in the treatment of cancer (abs.) 468.
 Foam therapy (abs.) 107.
 Foot, human, evolution of (in abs.) 97.
 Fractures, compound, gas gangrene in (abs.) 743.
 " pertaining to the motor accident, G. A. Ramsay 567.
 France, cocktail habit in (in abs.) 225.
 Fundus manifestations in metabolic diseases, W. R. Campbell 530.

G

- Gall stones, theories about formation (edit.) 207.
 Gas gangrene in compound fractures (abs.) 743.
 Gases used in refrigeration, fatalities from (in abs.) 462.
 Gastro-intestinal disorders of infancy, acute, G. Ross 176.
 Gastric acidity, post-operative (abs.) 104.
 " mucous membrane, roentgenographic study of, S. R. Johnston 683.
 " ulcer.—See Ulcer.
 Glands, parathyroid, tumours of (abs.) 105.
 Glucose, therapeutic dosage of, when given intravenously (edit.) 715.
 Glycogen content of carcinoma of the uterus and of squamous-celled growths in the region of the external os (abs.) 349.
 " of the blood in pathological conditions (abs.) 348.
 Goitre, exophthalmic, effects of iodine treatment with and without vitamins on basal metabolic rate in, I. M. Rabinowitch 156.
 " and iodine (in abs.) 337.
 Goldsmith as a medical man (men & bks.) 217.
 Graves' disease, vitamins A and D and sodium iodide in pre-operative treatment of, R. H. Fraser and A. T. Cameron 153.
 Group or state medicine? 739.
 Growth, skeletal, in juvenile diabetes (abs.) 348.
 Gynecological and obstetrical practice, controversial points in, J. O. Polak 656.

H

- Handicapped, industrial workshops and their importance in relation to placing the (abs.) 743.
 Hands of the radium worker, appliance for protection, H. Mackay 309.
 Health, functions of the skin and their importance in the maintenance of, A. D. Blackader 722.
 Heart failure, congestive, calcium chloride given intravenously in (abs.) 614.
 " congestive, further experiences with venesection in (abs.) 741.
 " and great vessels, radiological examination of, D. Wheeler 189.
 " in pneumonia in childhood, displacement of the (abs.) 745.
 Hedyotis auricularia: a new remedy for colitis (edit.) 591, 721.
 Hints to writers (in abs.) 613.
 History of medicine (Singer) (men & bks.) M. E. Abbott 451.
 Hospital, customs tariff and (hosp. serv.) 454.
 " duty of the doctor to, H. H. Murphy 368.
 " planning and construction (hosp. serv.) B. E. Parry 599.
 " practice, enuresis in (abs.) 234.
 " service.—See page x.

- Hospitals and medical schools (in abs.) 222.
 Huxley lecture on nature of disease, Sir Humphry Rolleston 78.
 Hygiene, industrial, and the medical profession, W. Wright 373.
 Hyperthyroidism, important factors in the management of, G. S. Fahrni 511.
 Hypertonia of pregnancy, physiological (abs.) 468.
 Hypertrophic pyloric stenosis, congenital, in a man aged seventy-two (case rep.) F. D. Ackman 423.

I

- Icterus neonatorum (abs.) 618.
 " etiology of (edit.) 714.
 Ileus, acute, mortality of enterostomy in (abs.) 617.
 Inaugural address at the sixtieth annual meeting of Canadian Medical Association, A. T. Bazin 140.
 Industrial hazards and the manufacture of artificial silk (edit.) 318.
 " hygiene and the medical profession, W. Wright 373.
 " workshops and their importance in relation to placing the handicapped (abs.) 743.
 Industries, arsenical poisoning in (in abs.) 737.
 Infancy, acute gastro-intestinal disorders of, G. Ross 176.
 Infantile pyloric obstruction, its allergic nature (abs.) 745.
 Infants, pathology of so-called "acute pyelitis" in (abs.) 618.
 " prognosis of tuberculosis in (abs.) 234.
 Infections as a source of recurrent epileptiform seizures in children (abs.) 348.
 Infectious cases, technique of handling (hosp. serv.) 727.
 Innervation of tumours (abs.) 108.
 Insulin, extensive atrophy of subcutaneous fat following injections of (case rep.) I. M. Rabinowitch 67. Also (abs.) 746.
 " in acromegalic diabetes (abs.) 465.
 " resistance and bronze diabetes (abs.) 742.
 Insurance, sickness, J. W. S. McCullough 168.
 Intelligence of epileptic children (abs.) 348.
 Intestinal fermentation and putrefaction, J. M. Rosell 42.
 " mucosa of white rat, differentiation of plasma cells from mast cells in, E. N. Ballantyne 195.
 " obstruction, acute, due to choke cherries (case rep.) F. D. Ackman 710.
 " acute, better results due to recent methods of investigation and treatment, H. A. Bruce and J. W. Rush 269.
 " in the dog, difference between high and low (abs.) 106.
 " mortality of (abs.) 467.
 " peristalsis, action of spinal anaesthesia on (abs.) 349.
 " putrefaction, new index of (abs.) 469.
 Intestine, small, how much can be removed in man without danger to life (abs.) 744.
 Intestines, mechanism of fermentation and putrefaction, J. M. Rosell 42, 161.
 Intracutaneous injections of sweat and tuberculosis (abs.) 616.
 Intratracheal anaesthesia, rebreathing in, C. C. Stewart 309.
 " ethylene-oxygen anaesthesia, H. R. Griffith 294.
 Iodine and goitre (in abs.) 337.
 " treatment, effects of, with and without vitamins, on basal metabolic rate in exophthalmic goitre, I. M. Rabinowitch 156.
 Irradiated milk in the treatment of rickets, therapeutic value of (abs.) 742.
 Irradiation, ovarian, and the health of the subsequent child (abs.) 233.
 Itch mite, discovery of (edit.) 718.
 Ivy, poison, treatment of (in abs.) 223.

J

- Jaundice, differential diagnosis of clinical conditions accompanied by, D. Graham 380.
Juvenile diabetes, skeletal growth in (abs.) 348.

K

- Kennedy, Dr. George A., life and work of (men & bks.) F. H. Mewburn 327.
Kidneys in diabetic coma, I. M. Rabinowitch 274.

L

- Labour, induction of, W. R. Fletcher 64.
Lacrimal apparatus, anatomy, physiology and pathology of, more especially the lacrimal sac and duct, H. V. Wurdemann 667.
Larynx, intrinsic cancer of, cure in 76 per cent by laryngo-fissure, Sir StClair Thomson 4.
Law and surgeons (edit.) 319.
Leucorrhoea with special reference to trichomonas vaginalis (abs.) 617.
Leukosarcoma and myelosarcoma, T. F. Nicholson 563.
Licensure, medical, requirements for, W. H. Hattie 213.
Life, span of (edit.) 313.
Light requirements of plants (in abs.) 463.
" therapy, observations regarding, W. A. Jones 180.
Lipoid nephrosis, bacteremia and skin manifestations in (abs.) 746.
Liver therapy in secondary anaemia (abs.) 464.
Lobar pneumonia, diagnosis of (abs.) 104.
London zoological society (in abs.) 97.
Lung tuberculosis, and its lobar localization, sudden onset in adult, E. Rist 143.
Lymph-stasis the precursor of cancer, W. S. Handley 491.

M

- Malarial therapy in general paralysis (edit.) 586.
Male, chorion-epithelioma in (case rep.) D. Prendergast 203.
Man, brucella abortus infection in (abs.) 461.
Manganese chloride as treatment in dementia praecox, G. E. Reed 46.
Manitoba epidemic of poliomyelitis of 1928, late results of, M. McKenzie 291.
Maternal mortality, J. R. Goodall 447.
" " problem of (edit.) 432.
Measles, convalescent serum in prevention of, W. Warwick 694.
Medical care, cost of, work of the American committee on (edit.) 711.
" conventions and the public (in abs.) 338.
" economics in medical schools, a course in (corres.) 230.
" education (edit.) 69.
" " in America, tendencies of (in abs.) 98.
" " cost of (edit.) 713.
" licensure, requirements for, W. H. Hattie 213.
" practice in Canada (edit.) 719.
" schools and hospitals (in abs.) 222.
" societies.—See page x.
Medicine, practical, team-work in (edit.) 315.
" public instruction in (abs.) 346.
" in Soviet Russia (in abs.) 336.
" history of, (Singer) (men & bks.) M. E. Abbott 451.
" single stream in (in abs.) 739.
" women and the study of (in abs.) 738.
Medico-legal: a judgment of the supreme court of Alberta 339.
Men and books.—See page x.
Meningitis, pneumococcus, during an epidemic of poliomyelitis (case rep.) S. Mirsky 709.
Meningocele, spinal, successful closure of, followed by severe reaction (case rep.) S. A. Wallace 575.
Mental defectives, order of birth of (abs.) 742.

- Mentally unfit, problem of (edit.) 72.
Mesenteric, aortic, and renal thrombosis, pedunculated cardiac thrombosis accompanied by, C. W. Fullerton 394.
Metabolic diseases, fundus manifestations in, W. R. Campbell 530.
Metabolism, carbohydrate, recent studies in (edit.) 433.
Methyl chloride used in domestic refrigerators, poisoning from (in abs.) 462.
" " commercial, poisoning from (abs.) 345.
Milk, irradiated, in the treatment of rickets, therapeutic value of (abs.) 742.
Modern surgery, debt of, to the ancillary sciences, A. H. Burgess 257.
Mongolism (edit.) 435.
Monocular blindness of electrical origin, J. N. Roy 691.
Mortality of intestinal obstruction (abs.) 467.
" maternal, J. R. Goodall 447.
" " problem of (edit.) 432.
" rate, increased, of cancer (abs.) 615.
" rates, diabetic, and diabetic coma (edit.) 583.
Motor accident, fractures pertaining to, G. A. Ramsay 567.
" accidents, payment for (hosp. serv.) 88.
Museum of the Royal College of Surgeons (in abs.) 610.
Mustard poultice (hosp. serv.) 600.
Myelosarcoma and leukosarcoma, T. F. Nicholson 563.

N

- Napoleon III, drama of (men & bks.) 86.
Narcolepsy (abs.) 345.
Neck, teratoma of, H. Spohn 200.
Neosalvarsan as a pulmonary antiseptic (in abs.) 610.
Nephritis, chronic diffuse, in children, course, prognosis and treatment of, G. L. Boyd 679.
Nephrosis, lipoid, bacteremia and skin manifestations in (abs.) 746.
Nerve lesions in civil practice, A. Gibson 283.
Nervous complications following use of therapeutic and prophylactic sera (abs.) 105.
Neuralgia, facial, treatment with trichlorethylene (abs.) 107.
News.—See page x.

O

- Obituaries.—See page x.
Obstetrical and gynaecological practice, controversial points in, J. O. Polak 656.
Obstruction, acute intestinal, due to choke cherries (case rep.) F. D. Ackman 710.
" differences between high and low, in dog (abs.) 106.
" infantile pyloric, its allergic nature (abs.) 745.
Ontario medical association, presidential address, E. A. McQuade 376.
Orthopaedic methods of treatment made possible by Listerism, advances in, H. P. H. Galloway 9.
Osler library, W. W. Francis 137.
" " dedication of, W. S. Thayer 1. Also (edit.) 71.
" memorial celebration 129.
" oration, F. J. Shepherd 131.
Ovarian irradiation and the health of the subsequent child (abs.) 233.

P

- Pædiatrics, an active research department university of Toronto (edit.) 319.
Palæopathology (edit.) 716.
Pancreas, dysinsulinism convulsion and coma due to islet cell tumour of (abs.) 466.
" isolation of tail of, in a diabetic child (abs.) 616.
Paraldehyde in children, pre-medication by (abs.) 619.
Paralysis, general, malarial therapy in (edit.) 586.
Parathyroid glands, tumours of (abs.) 105.
Parkinsonian rigidity treated with stramonium (case rep.) R. Robertson 204.

- Paroxysmal sneezing in whooping cough (abs.) 746.
 Pathological conditions, glycogen of the blood in (abs.) 348.
 Patients and physicians, A. D. Blackader 724.
 Perimetry, methods and results in, L. C. Peter 288.
 Perinephritic abscess (abs.) 232.
 Peristalsis, intestinal, action of spinal anæsthesia on (abs.) 349.
 Peritoneal adhesions, prevention of (abs.) 231.
 Peritoneum, colloid carcinoma of (case rep.) F. W. Hart 576.
 Peritonitis, bile, and bile ascites (abs.) 347.
 Plants, light requirements of (in abs.) 463.
 " movement of (in abs.) 463.
 Plasma cells, differentiation of, from mast cells in intestinal mucosa of white rat, E. N. Ballantyne 195.
 Pleurisy, fate of patients with (abs.) 465.
 Pleuro-pulmonary tuberculosis, thoracoplasty for (abs.) 617.
 Pneumococcus meningitis during an epidemic of poliomyelitis (case rep.) S. Mirsky 709.
 Pneumonia in childhood, displacement of heart in (abs.) 745.
 " lobar, bronchoscopic findings in (abs.) 344.
 " diagnosis of (abs.) 104.
 " treatment of, from the point of view of the circulation, J. Brodie 541.
 Pneumothorax, spontaneous, A. A. Rowan 56.
 Poison ivy, treatment of (in abs.) 223.
 Poisoning, arsenical, in the industries (in abs.) 737.
 " from commercial methyl chloride (abs.) 345.
 " from methyl chloride used in domestic refrigerators (in abs.) 462.
 Poliomyelitis, late results of Manitoba epidemic of 1928, M. McKenzie 291.
 " in Manitoba in 1928, O. J. Day 554.
 Portio, carcinoma, early clinical diagnosis of (abs.) 347.
 Poultry, mustard (hosp. serv.) 600.
 Pregnancy, late toxæmias of, R. Mitchell 384.
 " physiological hypertonia of (abs.) 468.
 " uterine insufflation followed by, in 205 out of 2,000 cases of infertility (abs.) 106.
 Prescriptions, medical, of alcohol (in abs.) 100.
 Presidential address before the Ontario medical association, E. A. McQuade 376.
 Primogeniture in the production of developmental anomalies (abs.) 235.
 Provincial associations.—See page x.
 Psychopathic states, abuse of drugs in certain (abs.) 108.
 Public health field, developments in, G. B. Roatta 645.
 University notes.—See page x.
 Pulmonary antiseptic, neosalvarsan as a (in abs.) 610.
 " tuberculosis, demonstration of tubercle bacilli in small children with (abs.) 234.
 " development of (abs.) 464.
 Putrefaction and fermentation in intestines, mechanism of, J. M. Rosell 161.
 " intestinal, new index of (abs.) 469.
 Pyelitis, acute, in infants, pathology of so-called (abs.) 618.
 Pyloric obstruction, infantile, its allergic nature (abs.) 745.
 " stenosis, congenital hypertrophic, in a man aged seventy-two (case rep.) F. D. Ackman 423.
 Pyridium, a new urinary antiseptic, clinical experiences with (abs.) 746.
 Pyuria in childhood, R. R. Struthers 685.
- Q**
- Queen Alexandra solarium for crippled children, C. Wace 702.

 Thrombo-angiitis obliterans (abs.) 235, 462.
 Thrombosis, pedunculated cardiac, accompanied by an aortic, renal, and mesenteric thrombosis, C. W. Fullerton 394.
 Thymus obsession (abs.) 469.
 Thyroid obsession (abs.) 469.
 Toxæmias, late, of pregnancy, R. Mitchell 384.
 Traumatic asphyxia (case rep.) H. M. Young 570.
 Trichlorethylene, treatment of facial neuralgia with (abs.) 107.
 Trichomonas vaginalis, leucorrhœa with special reference to (abs.) 617.
 Tubercle bacilli, cultivation of (in abs.) 431.
 " " and elastic fibres, simultaneous demonstration of (in abs.) 431.
 " " in small children with pulmonary tuberculosis (abs.) 234.
 Tuberculosis, congenital, R. R. Struthers and H. G. Mitchell 297.
 " fibromyoma of the Fallopian tube with (case rep.) E. Percival 426.
 " in infants, prognosis of (abs.) 234.
 " intracutaneous injections of sweat and (abs.) 616.
 " lung, sudden onset of, and its lobar localization in adult, E. Rist 143.
 " in Manitoba (edit.) 440.
 " pleuro-pulmonary, thoracoplasty for (abs.) 617.
 " pulmonary, classification of operative risks in respect of operation of thoracoplasty for, and results, E. Archibald 502.
 " pulmonary, development of (abs.) 464.
 Tuberculous infection, antenatal (abs.) 741.
 Tumour, islet cell, of the pancreas, dysinsulinism convulsion and coma due to (abs.) 466.
 Tumours, innervation of (abs.) 108.
 " of parathyroid glands (abs.) 105.
 " " the salivary glands (abs.) 232.
 " " spinal cord, outline of diagnosis, K. G. McKenzie 696.
 Typhoid fever.—See Fever.

U

- Ulcer, gastric and duodenal, B. Mooney 387.
 Ultra-violet rays penetration through fabrics (abs.) 231.
 Undulant fever, present status of (edit.) 588.

University notes.—See page

- Ureteral calculi treated by manipulation, W. P. Hogarth 400.
 Uterinsufflation followed by pregnancy in 205 out of 2,000 cases of infertility (abs.) 106.
 Uterus, carcinoma, and squamous-celled growths in the region of the external os, glycogen content of (abs.) 349.
 Urinary antiseptic, clinical experiences with pyridium, a new (abs.) 736.

V

- Vaccination (in abs.) 461.
 " and encephalitis, R. D. Defries and N. E. McKinnon 516.
 " rare sequel of (edit.) 311.
 Vaccines, preventive treatment of colds and asthma (abs.) 107.
 Varicose veins, injection versus operative treatment (abs.) 347.
 Venesection in congestive heart failure, further experiences with (abs.) 741.
 Vessels, great, and heart, radiological examination of, D. Wheeler 189.
 Vitamins A and D and sodium iodide in pre-operative treatment of Graves' disease, R. H. Fraser and A. T. Cameron 153.
 " effects of iodine treatment with and without on basal metabolic rate in exophthalmic goitre, I. M. Rabinowitch 156.
 Vitamin B requirements in infancy (abs.) 467.
 Volvulus of the stomach with congenital anomalies of development (case rep.) J. A. Gorrell 427.
 Vulva, primary epithelioma of (abs.) 105.

W

- Water balance in cardiac decompensation (abs.) 104.
 Waterson, J. J.: a man born out of his time (men & bks.) 217.
 Whooping cough, paroxysmal sneezing in (abs.) 746.
 Women and the study of medicine (in abs.) 738.
 Wounds, x-ray treatment of (abs.) 616.

X

- X-ray films, hazard from (edit.) 74.
 " treatment of wounds (abs.) 616.
 Yeast and puffery (in abs.) 226.
